

INDUSTRIAL REFLECTIONS

INDUSTRIAL STEEL MIRRORS

Super Tough Mirrors for an even Tougher World!

Highly Polished, Chrome-Plated, Carbon Steel Mirrors which have a nearly perfect reflective quality are ideal for industrial usage. These long lasting, maintenance-free products have superior impact resistance and are best suited for the toughest of environments. They will not corrode, shatter, break or discolor at any earthly temperature. These custom-sized mirrors are more cost-efficient with better reflective qualities than stainless steel. Our industrial strength mirrors are safe, extremely durable, and the best solution where vandalism is an issue and longevity is a must!

Our innovative product is:

- Safe, Durable, and affordable
- Guaranteed against manufacturer defect
- Easily Mounted
- Proudly made in Michigan, USA

Suggested Applications:

- All Public Venues, i.e., metro parks, stadiums, any washroom applications
- School locker and washrooms
- Convenience Stores and Gas Stations
- Correctional Facilities and Prisons
- Hospitals
- And many others

We will customize a steel mirror to your specific needs. Simply phone or e-mail us the dimensions that you require.
